

# Post-Disaster Impact Assessment

## Disaster Event

Date of specific disaster event: \_\_\_\_\_

Description of the specific disaster event:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

## Damaged Area

Describe the disaster impact in the damaged areas of your community. Use the following categories to assist in your damage assessment.

Are homes damaged/destroyed?

yes     no

Estimate how many homes are damaged/destroyed: \_\_\_\_\_

What neighborhoods/streets are these homes located in? \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_

Estimate how many people have been impacted in these areas: \_\_\_\_\_

Is there a lot of debris in the damaged area?

yes     no     some

Is debris blocking roads?

yes     no     not sure

Are there access restrictions in the damaged area? (only open to first responders, residents)

yes     no     not sure

Are there power outages? If so how widespread?

yes     no     not sure

If yes, how widespread?

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Has community infrastructure been impacted? (Hospital, fire stations, schools)

yes     no     not sure

Has there been loss of life from this event?

yes     no     not sure

Are any of your staff impacted?

yes     no     not sure

yes     no     not sure

Are any of your properties affected residential facilities?

yes     no     not sure

## Vulnerable Populations

Identify vulnerable populations in the damaged area, determine the ability to access resources, and identify specific needs for assistance.

- Elderly                       Disabled
- Homeless                     Single Parents
- Refugees
- Undocumented/ Migrants

Do you have access to these basic needs:

- Food                               Personal Safety/Protection
- Clean Water                     Access to Medical Care
- Livable Sheltering            (acute and chronic, medications)

Please tell us any additional information that could be helpful for ROA to know how to respond:
